Welcome to the home page of VK3VT

I have been licenced since 1966 with my first call VK3ZXW, then VK3BGW followed by VK3VT. My main interests in ham radio are operating including DXing and contesting, fox hunting, radio orienteering, building stuff and generally playing around. I am also involved with the local club - the North East Radio Group (The NERGs) and assist in the training and assessing of new amateurs.
